👤 PROFILE

Versatile Full Stack Developer and AP/P2P Analyst with working knowledge of Ruby on Rails, JavaScript, Node.js and VBA among others. I consider myself a very curious DIY person, a fast learner and adaptable to anything that my day-to-day requires, with a particular focus on pushing my teammates to learn from each other.

Experienced in other areas, such as Translation and Sound Engineering, and I'm a Music and Psychology enthusiast.

Currently looking for a challenge and to further my experience in Full Stack Dev and/or Back-End Dev opportunities that allow me to grow my skillset.
